

Rio Hondo College Employee Commute Reduction Program INCENTIVES

CLEANING THE AIR WE BREATHE

Rio Hondo College (RHC) supports the South Coast Air Quality Management District in their effort to improve Angelino's quality of life by reducing hazardous environmental air pollutants caused by a variety of sources such as vehicles, products, and industrial plants.

To help clean the air we breathe, RHC employees can enroll in the Employee Commute Reduction Program (ECRP) and obtain a variety of incentives for their contribution.

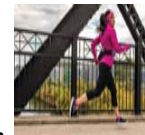

This brochure provides a variety of incentives offered to Rio Hondo College employees using alternative transportation from home to work related. If you wish to benefit from these great incentives, contact the Employee Transportation Coordinator, Yolanda Adame, at (562) 463-7609, or via e-mail at yadame@riohondo.edu, for qualification.

NOTE: To participate in the ECRP, you do not have to rideshare with another RHC employee. Rideshare partner(s) may be any person of choice.

IF YOU.....

walk,

jog, or

skate to work, you

will earn \$2.50 for each day you participate.
